Summary

Hey Folks

This is Parth Madhvani, a passionate full-stack developer with a love for open-source and UI designing. I specialize in building robust and scalable SaaS products, microservices, and design systems. With a firm grasp of frontend and backend architecture, I create intuitive designs for engaging user experiences.

I have extensive experience in Javascript and Typescript, using them professionally and for personal projects. I'm involved in hackathons and open-source contributions. In addition to my technical skills, I possess a solid foundation in data structures and algorithms (DSA) and excel at problem-solving. I have honed my problem-solving abilities by solving complex DSA problems, ensuring optimized code performance and efficient algorithms.
